Englewood, Florida – December 16, 2021 – [America's Future, Inc.](http://AmericasFuture.net) today announced the launch of its *Champion For America* membership campaign with an urgent message to every American to fight for freedom. Leading the campaign is America's Future Chair, Lt. Gen. Michael T. "America needs courageous leaders and champions willing to stand up and get involved to save our country," said General Flynn. "Patriots are in the trenches fighting for our children, our country and our future. We need more champions for America who will never quit the fight for freedom."

Mary O'Neill, executive director of America's Future, added, "America is the greatest nation on earth. Our Founding Fathers knew that for this experiment in democracy to survive over centuries, it would require citizen participation. Now it is our turn to carry the torch of freedom for the next generation. Become a *Champion For America!*"

As a *Champion For America*, you'll join the growing number of patriots who are coming together as a community to wage the fight for freedom and protect our individual rights.
