America's Future Files Amicus Brief Objecting to Jan 6 Committee Subpoena

Florida – November 4, 2022 – America's Future, Inc., a national leader in the fight to preserve individual rights, promote American values and traditions, and protect the nation's Constitutional Republic, announced that it submitted a [Motion for Leave to File an Amicus brief](#) with the Supreme Court of the United States (SCOTUS) in the case, *Michael Ward, et al. v Bennie G. Thompson, in His Official Capacity as Chairman of the United States House Select Committee to Investigate the January 6th Attack on the United States Capitol, et al. ("Jan 6. Committee")*, SCOTUS Dkt No. 22A350 (2022).

The motion was filed on October 28, 2022 with four other nonprofits supporting an emergency application to stay a Ninth Circuit Court of Appeals order compelling T-Mobile to comply with a subpoena to disclose personal cell phone account information of three customers, including Dr. Kelli Ward, the Chairwoman of Arizona's Republican Party, who is the central focus of the emergency application. The application requests SCOTUS stay the Ninth Circuit order and enjoin T-Mobile from releasing the requested records to the Jan 6 Committee, a partisan ad hoc committee installed by Democrat Party leadership to "investigate" the events of January 6, 2021.

"The fiasco of this partisan committee makes a mockery of justice in America," said Mary O'Neill, Executive Director of America's Future. "This subpoena is preposterous on its face and infringes Kelli's First and Fourth Amendment rights to freely associate with others based on political philosophies, political party preference, or for whatever reason. Americans are outraged and demand justice!"
