Acclaimed Filmmaker Mike Smith Joins America's Future Board of Directors

Florida – July 27, 2023 – America's Future, Inc., a national leader in the fight to preserve individual rights, promote American values and traditions, and protect the nation's Constitutional Republic, announced that acclaimed filmmaker Mike Smith has joined the Board of Directors.

Mike is the creator, producer, and director of the 2020 viral film sensation [Out of Shadows](#), a documentary viewed by over 100 million people worldwide that brought to light media manipulation and child trafficking and exposed the dark side of Hollywood.

"Mike is an American patriot who put it all on the line to fight against censorship and champion freedom using his talent and faith in God to inspire and educate the public," said Mary O'Neill, Executive Director of America's Future. "His film, *Out Of Shadows*, set the world ablaze by delivering the raw truth about the use of propaganda – and worse – by U.S. government agencies and Hollywood elites that aim to destroy our country...and, he exposed the horrors of child predators and rituals of cults that tear down the fabric of the values and foundational principles of our nation. We are privileged to have Mike on our team. He is a powerhouse voice and fearless fighter for freedom and the future of this nation."

Mike started his career doing action stunts as a double for some of Hollywood's biggest movie stars like Mel Gibson and Christian Bale and has performed in hundreds of feature films and television productions playing roles such as James Bond, Batman, and countless other iconic movie heroes. He later transitioned to action director, becoming one of Hollywood's most sought-after action directors.

As fate would have it, in 2014, Mike shattered his spine while working on a movie set. His recovery took him on a journey that brought him to the realization that Hollywood was not a world he wanted or needed in his life. It was during this journey to the light that he used his talent to bring the truth to the public's attention about the dark underbelly of media and the Hollywood establishment, resulting in his blockbuster film, *Out of Shadows*. Next month, Mike will release his latest movie, *Into The Light*, in Nashville, TN.
