Attendees will understand what influences a buyer of sex, and how to prevent it. Attendees will learn ways to protect children from becoming predators or becoming the prey in the world of commercial sexual exploitation. Learn practical applications that create a safer community by use of cyber patrols, and how the average man can directly become involved to stop the online sale of others for sex.  
**Instructor: Nick Lembo, Subject Matter Expert/Trainer on the Impact of Pornography on Sex Buying**
- ▶ **First Responders Training Program – 9:00 AM – 11:00 AM, Children's Auditorium**  
Targeted training on the dynamics of sex trafficking in America. To properly and successfully identify and respond to a situation, first responders must familiarize themselves with characteristics specific to the crime and victimization experienced by survivors. While every survivor's experience is unique, certain reoccurring dynamics and victimization patterns have been observed and documented.  
**Instructors: Jo Lembo, National Child Sexual Exploitation Trainer and Nancy Winston, Shared Hope Senior Advisor, Emeritus Board**
- ▶ **Inhospitable to Human Trafficking Program – 11:30 AM – 1:30 PM, Children's Auditorium**  
This seminar provides proven tools and strategies to proactively prevent child exploitation and trafficking from occurring in hotels and motels while helping staff identify the signs of a crime and thereby improving the safety of the environments for guests and employees, alike. Participants will learn how to identify a victim and the steps to take to connect them with services. Hotel managers, owners, and frontline employees are encouraged to attend this program to reduce the serious safety risks caused by human trafficking.

- ▶ **Overcomer Seminar – Training With Purpose – 11:30 AM – 1:30 PM, Youth Auditorium**  
This seminar is designed for individuals who have felt the horrific pain and suffering of child abuse and exploitation and who want to leave brokenness behind, take back their lives, and step into the light as an overcomer. The faith-based program will provide survivors of abuse with motivational and strategic tools and steps to reach inward to rediscover their core identity and take action as an overcomer. Caring adults interested in combatting trafficking and helping survivors will learn to understand a traumatized mindset, how to navigate the healing stages of the overcomer, the role of destiny in one's life journey, and the value of standing in the gap as the testimonies of victims continue to rise. It is time for the victims and survivors to be treated with honor, integrity, and credibility. It is time for the public to stop victimizing the offender and to support the survivors. Participants will learn how they can add value in this area and help be a voice for the voiceless.  
**Instructor: Lynz Piper-Loomis, Overcomer and Author**

Parents, business owners, and professionals are encouraged to attend this seminar to get a chance to learn the extent to which bad actors blend AI tools with the techniques of psychological operations to control minds and human behavior with a showing of the movie, *Into The Light*.
